### Comments:

- **Workshops in the morning:** In the morning there are workshops (two or four days) to work intensively on a certain topic.
- **Forums in the afternoon:** In the afternoon – first slot – we organize five forums divided into two or three threads. There are three forums per afternoon, in one afternoon four forums. The topics of the forums are: „**Social Europe**“, „**Democratizing Europe**“, „**Ecological Europe**“, „**Democratizing the economy**“ and „**Europe in the world**“. With these forums a large number of participants can be introduced in a certain topic. It also allows people to follow a certain topic the whole university. In the second slot we offer the possibility to continue the debates started in the forums in smaller workshops to clarify, digest and advance the discussion.
- In the afternoon time slots we also offer creative choices – dancing, painting, yoga...
